October 15, 2015 8 AM – 3 PM

2015 Great Lakes LEND Collaborative Conference:
Evidence Based Practices in Neurodevelopmental Disabilities

The Blackwell Inn and Conference Center
Columbus, Ohio
Featured Speaker:
Hanna Rue, PhD
National Standards Project

Presenters:

Quality Improvement Methods in Access to Care for Children with ASD
Heather Johnson, PsyD
Cincinnati Children’s Hospital Medical Center

Parent-implement Communication Intervention for Children with Significant Neurodevelopmental Disabilities and Problem behavior: An Application of Telehealth as a Service Delivery Mechanism
Joe Reichle, PhD
University of Minnesota

Transitioning Together
Leann Smith, PhD
University of Wisconsin-Madison

Presenters, continued:

The Riley Care Coordination Program: Implementation and Evaluation of a Best-Practice Model of Care Coordination
Rebecca McNally Keehn, PhD
Rylin Rodgers
Indiana University

Mothers of Children with ASD as Community Health Workers
Sandy Magaña, PhD, MSW
University of Illinois at Chicago

Individual Family Service Plan Outcome and Strategy Assessment: A Standardized Method
Andrea Witwer, PhD
Kim Travers, MA
Karah Bush, DPT
The Ohio State University
**Evidence Based Practices in Neurodevelopmental Disability**

**Learning Objectives:**

- Learn how telehealth was used to provide caregiver-implemented assessment and intervention for communication and behavior problems for individuals who have limited access to services.

- Describe evidence-based strategies to support positive outcomes for adolescents with ASD and their families.

- Discuss a best-practice model of care coordination for children with neurodevelopmental disabilities and their families.

- Examine interventions in which mothers of children with ASD served as promotoras (community health workers) to provide information to other mothers of children with ASD.

- Learn a new tool to assess the quality of IFSP outcome statements and strategies.
