THE NISONGER CENTER
IDD/RESEARCH FORUM PRESENTS:

MICHAEL VASEY, PHD

PREDICTING AND REDUCING RETURN
OF FEAR FOLLOWING EXPOSURE
THERAPY

Please Join Us:

Wednesday, October 24, 2012
5:15 – 6:30 PM
250 McCampbell Hall

Featured Presenter:
Dr. Michael Vasey is a professor of clinical psychology at The Ohio State University. His primary research interests include the contribution of broad dimensions of temperament/personality to vulnerability for developing emotional disorder symptoms (especially symptoms of anxiety and depressive disorders) and to the course and treatment of such symptoms. Other research involves translating findings from social psychology and cognitive psychology into clinical contexts and applications.

Please plan to attend and be seated by 5:10 PM.
