

Provider Survey

- How many times has remote monitoring been brought up by a colleague, Service Support Administrator, or a customer of yours?
- What would make it easier for you to conduct your services?
 - How would you rate the communication between remote monitoring providers and provider agencies
 - What about remote monitoring works well?
 - Why do you think there are only 170 people using remote monitoring?
- What are some ways in which remote monitoring has reduced the reliance upon caregivers?
- In your opinion, how could remote-monitoring be expanded outside of the home?
- How do you envision remote monitoring being improved upon?
