

Zachary Christian, Behavior Support Specialist

1. How long have you been with Nisonger Behavior Support Services?

3 years! ...Almost 4 years!

2. What is your degree/licensure?

Master of Science in Human Services

3. Can you offer a couple sentences about the positive aspects of the interdisciplinary team approach to supporting individuals with complex needs?

The ability to take a much more holistic approach toward a person as each member of the team contributes their strengths for the benefit of the individual.

4. What kind of impact do you hope NBSS has on the community?

Providing direct care staff and families with support so individuals with complex needs may continue to live in a community safely.

5. What do you like most about your position?

I love being able to see someone change over months and years for the better, such as seeing someone who lived in an ICF now working a community job!

6. What is unique about working with NBSS?

The support from senior behavior support specialists is the best.
