Application for Admission

We are excited that you've decided to pursue the TOPS Program at The Ohio State University; we ask that you complete the following application for admission to our program. TOPS admission process occurs in four phases, which include Application, Document Review, Selection and Enrollment and additional paperwork.

Application Due Date:

November 1st- Early Action

We must receive your **complete application** (by that we mean your admission application and all required materials) by midnight (EST) on November 1 if you wish to be considered for Early Action. By meeting the early action deadline, you'll get an admission decision no later than mid-January.

February 1st- Regular Decision

February 1 by midnight (EST) is the final date by which we must receive your complete application. You'll get an admission decision by the end of March.

Applications received after the February 1st up until May 31st, will be reviewed based upon availability of space in the program. Applications received after May 31st, will be saved for the following application year.

Phase One: Application

The purpose of the Admission Application is to identify applicants who may be potential students for TOPS. This is accomplished through the submission of an application, including submission of items listed on the application checklist.

Application Checklist

- Complete TOPS application containing signature of the participant and/or guardian as appropriate.
- An official transcript of the applicant's high school coursework (official transcripts have an embossed seal or signature from an authorized staff person from your school)
- An official copy of the applicant's IEP or 504 Plan. If statewide testing accommodations are not included in the IEP, a separate copy is required.
- Most current Evaluation Team Report (ETR) **or** Up-to-date psychological evaluation. Either needs to be within past two years and must include IQ scores
- Personal essay; Essay does not need to be a traditional essay. More information is included in the packet.
- Two letters of recommendation

Phase Two: Document Review

The purpose of the Document Review is to identify the applicant's potential for success in TOPS. During this phase, program managers may contact the applicant, parents, and/or references for clarification or additional information. If it is determined that the applicant has met all of the admission criteria and all application documentation has been submitted, a recommendation for enrollment will be forwarded to the selection committee for consideration.

Phase Three: Selection

Members from the interdisciplinary team will meet to review applications and conduct individual interviews with applicants and their families at the Nisonger Center.

Phase Four: Enrollment and Additional Paperwork

If selected for enrollment, additional paperwork will be mailed for completion.

Residential College Orientation & Transition Assessment (COTA) Program

If an applicant is selected for TOPS, a letter of acceptance, information about the required COTA summer program orientation, and TOPS scholarship application will be sent to the applicant. The summer COTA program will include the cost of the dorms, meals, supplies, technology, and facilitators. A non-refundable deposit of \$250.00 must be received by March 31st. Remaining payment for the COTA program must be received no later than May 1st.

After a successful summer experience, a person-centered planning (PCP) meeting will be conducted in conjunction with the beginning of the fall semester. The purpose of the PCP meeting is to coordinate services among adult agencies and Ohio State, set goals, develop a Transition Action Plan and determine the level of needed supports. In addition, we will discuss a list of potential internships along with the minimum number of hours students will spend engaged in work experiences per week. The student's program of study will be developed, which will list the required and potential courses the student may be interested in auditing.
